Additional note: Scanmetender Standard has a lot of languages, but I always have problems with languages other than "EN" (English, English). For

---

example, when I want to select "Fremdsprache (Deutsch)" in the "Scannen-Konfigurationsdialog" I have the warning that I can't select the language Deutsch (German), but only English (EN). This happens also if I choose the language "Hebräisch" (Hebrew). The Scanmetender icon is also activated (in the "Status" dialog) for all languages
